Smart Staffing

AN INFORMATIVE BULLETIN FROM
MED-LINK & THE SURGEONS-LINK

Choosing the Right Agency

When you become aware of a locum tenens physician need, do you call or e-mail the first company that comes up on your internet search, or take that chance call from a locum tenens agency representative?

Regardless, of which method you choose, here are a few questions you might want to ask:

- ✓ What do you know about the agency you're considering and what is their reputation in dealing with their clients and the locum tenens physicians who provide services?
- ✓ How well do they screen candidates before presenting them to you?
- ✓ How much experience does the person who will handle your account have in matching physicians with healthcare facilities?
- ✓ How well do they understand the intricacies of the specialty needed?
- ✓ Are the rates quoted reflective of Fair Market Value for the specialty?
- ✓ How confident are you in their ability to handle any physician performance or risk management issues that may arise?

With an experienced staff with nearly 30 years of experience, Med-Link Staffing & The Surgeons-Link are ideally suited to meet your needs. We give thoughtful consideration to your locum tenens needs and refer only those candidates with the appropriate credentials, clinical skills and ability to handle the work load. We go far beyond just sending CVs of those physicians who happen to be available when you need them.

To put our years of experience to work for you, call us today.
